

**Maine Guided Hunts**

**Black Bear**

Conducted in northern Maine, these are Bear hunts over bait. Guides will transport hunters to and from their stands each day. The hunt focuses on evening Bear movement allowing clients to fish or spend the mornings in camp . Hunters generally arrive in camp on Sunday afternoon, hunt Monday through Friday and depart on Saturday morning. Rifle and archery are both welcome on Bear hunts.

**Moose Hunts**

Conducted in wildlife management districts 4, 8 and 9, Moose hunts are by draw permit only. This is a tough draw as only 10% of all available tags go to non-resident hunters. However, if you are lucky enough to draw a tag, Maine offers some of the best Moose hunting in the lower 48. Maine allows two people to hunt on a single tag, although only one animal may be harvested. Application deadline is May 14, 2010.

**Trophy Whitetail Hunts**

Deer hunts focus on Maine's giant, trophy Whitetails. Hunters will utilize stands, still-hunting and tracking which all produce excellent results. Depending on conditions, late mornings and early afternoons will be spent on foot and evenings will be spent in stands.

**Hunt Information and Rates**

Hunt Dates	Species	Hunt Duration	Hunter/Guide Ratio	Hunt Cost
